

WORLD FOOD CENTER

Josette Lewis, Ph.D.
Associate Director

UCDAVIS

The mission

The World Food Center leverages intellectual capital to create sustainable food and health solutions.

How we work

- **Convene leaders to shape policy and strategy**
- **Connect research to society and the marketplace**
- **Serve as a focal point for deepening the university's collaboration with partners**

What we do

- **Building healthier outcomes from our food system**
- **Improving energy and water efficiency for a sustainable food future**
- **Institute on Food and Agriculture Literacy**
- **Growing the innovation economy**
