# DOUBTS 2 and 3

- I am not an SSH researcher. Can I be a Lead PI? Can I be a co-PI? Can non-SSH researchers participate?

The call does not pose constraints. Some funder *addenda* may have constraints. Please check.

Remember the call concerns SSH research, partnership suitability will be evaluated by reviewers

- Who can apply for funding?

See *addenda* for funding rules.

# Preparing a proposal

National team

**PLEASE CHECK ADDENDA AND CONTACT  
APPLICABLE FUNDERS TO CHECK  
ELIGIBILITY**

## Doubts 4, 5

- Country X is not listed. Can researchers from this country be in the project?

YES, as participants, but cannot be funded by funders.

FAPESP only funds researchers from SP state

- Can the Lead PI pay salaries of researchers of another national team?

In principle, NO. Check **funder addenda**

# Doubts 6

- Can NGOs participate? Can industries participate?  
What kind of national team configuration you prefer?  
What kind of proposal set of teams do you prefer?

**For national teams, see funder addenda**

## **13.1 Evaluation criteria**

5. Partnership and planning: Does the proposal describe an effective and balanced transnational partnership? Is the partnership well-coordinated and likely to extend beyond the funding period? Does the partnership have appropriate plans in place to address collaboration, data management, project planning and dissemination?

For further information, please see the [Call Webpage](#).

The Intention to Submit (ITS) is compulsory for applicants planning to submit proposals to this TAP-RRR Call.

The Lead Principal Investigator (Lead PI) of the joint project should complete and submit the form on behalf of the research team. Though project details may be modified upon proposal submission, the Lead PI cannot change. However, Principal Investigators can be changed and/or added upon proposal submission.

The ITS must be submitted by 14th June 2021 (no later than midnight BRT). Proposals whose Lead PI has not submitted the ITS form by this deadline will not be considered for evaluation.

Please note the ITS form will not be used for eligibility checking of proposals. However, we strongly encourage potential applicants to contact their respective funding agencies prior to the submission of ITS and to ensure that all call requirements and eligibility criteria of the funding agencies from which funding is requested are fully met.

# IMPORTANT INFORMATION

- LEAD PIS, **please** create an account in SAGe as soon as possible
- For problems with SAGe, email [chamada-tap@fapesp.br](mailto:chamada-tap@fapesp.br)
- For questions to funders, email funder contacts listed at the CALL PAGE

# QUESTIONS

- Which countries can ask for funding from IDRC?

Belize, Bolivia, Costa Rica, Dominican Republic, El Salvador, Ecuador, Guatemala, Honduras, Nicaragua, Panama, Paraguay and Peru

- If a proposal involves national teams from more than 1 IDRC-financed country, how to organize budget?

Each team can ask for its individual budget, but a proposal can only have 1 team from each country.

# Question

I intend to submit a proposal together with colleagues from Canada and the UK. What is the procedure like? Do the colleagues have to submit their own application in their country? Or can we submit the same application three times? Does everybody has to submit their own application and refer to the planned cooperation?

Each funder has its own rules. Please contact funders and see national addenda. BUT the LEAD PI has to submit the joint proposal in SAGE.

# Question

- Can we have a formal LEAD PI, and informal Lead PIs?

Partners decide how to organize the work. T-AP only acknowledges 1 lead PI

- If one funder rejects the national team, will the project be rejected?

YES. Please check team eligibility with funders before applying.
