

AMAZÔNIA +10

A subnational partnership to promote
ST&I in the Legal Amazon Region

FAPESP + 9 Regional Research Foundations State of São Paulo + 9 Federal States

GOAL FOR FUNDING

US\$ 100 million

FAPESP already has a history
converging science and sustainability:

US\$ 130 million invested in **3,140** projects
related to the Amazon since 1994.

FAPESP – São Paulo
Research Foundation will
provide the initial funding
for research projects

US\$ 20 million

The funds will support mission-oriented research and structural challenges on

FOUR PILLARS:

- 1** Biodiversity Conservation and Climate Change
- 2** Protection of Traditional Populations and Communities
- 3** Urban Challenges of the Legal Amazon
- 4** Bioeconomy as an economic development policy
