

FULBRIGHT

Brasil

FAPESP Week – Chicago, 2024

Dr. Luiz Valcov Loureiro
Executive Director

“The Fulbright Commission in Brazil aims to be a major player in relevant discussions about the cooperation and academic exchanges with the U.S.”

- Deep knowledge and consolidated networks in both higher education systems
- Government of Brazil (CAPES) has been the major partner since the Commission’s inception in the country in 1957

Governance

Complying with Bilateral Agreement: Board of Directors

Binational balanced governance (6+6)

- Four *ex-officio* members
 - two U.S. Embassy to Brazil diplomats
 - two Brazilian government officials: 1 MRE + 1 MEC (CAPES)
- Eight nominated members from civil society:
 - U.S.: four nominated by the U.S. Ambassador
 - Brazil: two nominated by MRE + two nominated by MEC

Flexibility and responsiveness: ten staff members + executive director

Funding

- **Regular funding**
- U.S. + GoB annual allocations: US\$ 5.0 – 10.0 million for bilateral mobility
- **Special funding**
- Broader mandate programs: partnerships with national, sub-national entities and private sector

The Fulbright Programs

Study & Research Awards

Brazilians

- 20 degree-seeking (PhD, MFA)
- 30 non-degree seeking (DDRA)
- 20 scholars (professors, chairs)

U.S. citizens

- 30 study & research students
- 40 scholars (professors, chairs)

Regional Programs

Fulbright Amazonia: researchers from Bolivia, Brazil, Colombia, Ecuador, Peru, Surinam, Venezuela, U.S. cooperating in a joint research project

Language

- 20 FLTAs for Brazilians
- 20 ETAs for U.S. citizens

Teachers training

- DAT for U.S. citizens
- DAI for Brazilians

Professional Development

- H. H. Humphrey for Brazilians

Fulbright in SP

- Chair at USP São Paulo Med School
- Chair at USP, Planetary Health
- Two Fulbright-FAPESP Chairs, Biodiversity and Sustainable Food Production

Major recent broader mandate programs

- Science without Borders: **\$ 1.2 billion; students 35,000 to the U.S.**; 50% of program funding (2012-2017)
- Brazilian English Teachers Training Course: **\$ 17.5 million; 15 U.S. universities; 7 groups of 500 teachers**, next one in June 2024
- Modernization of Engineering Education: **\$ 5.6 million; 8 projects; 8 years; strategic initiative with the mission and CAPES**; partnering exclusively with U.S. universities; 100 Brazilians going to the U.S. each year
- More to come soon...

FOR EARLY, MID-CAREER, SENIOR SCHOLARS, PROFESSIONALS AND ARTISTS

All Disciplines Award

Shape and inspire through teaching and research projects across all disciplines in Brazil

FOR MID-CAREER AND SENIOR PROFESSORS

Sustainability in Amazonia

Explore environmental challenges and innovative sustainable solutions in Belém

Racial Studies in Bahia

Engage in racial studies in Salvador, the capital of Afro-Brazilian heritage

Planetary Health in São Paulo

Address critical environmental and public health challenges at Latin America's leading university

Medical Sciences at USP, São Paulo

Advance healthcare practices and improve patient outcomes worldwide at Brazil's most prestigious medical school

Law and Political Sciences in Belo Horizonte

Investigate the intersection of legal frameworks and political dynamics within Brazil

Languages and Identities in Florianópolis

Conduct research on the interplay between multilingualism, cultural diversity, and identity

International Relations in Brasília

Delve into the complexities of global diplomacy in Brazil's political and cultural context

Innovation and Sustainability in Multicultural Contexts in Ceará

How the arts and humanities can foster excellence and cross-cultural understanding

Health and Technology in Porto Alegre

Explore the use of smart materials, electrochemical biosensors, wearable sensors, nanomaterials, and IoT in healthcare improvement

Bioenergy, Biodiversity and Sustainable Food in São Paulo

Contribute to a sustainable future through research in one of the Fulbright-FAPESP Network areas

FOR STUDENTS WITH AT LEAST A BACHELOR'S DEGREE

Study & Research Award

Conduct independent research projects, engage in experiential learning, community involvement, and networking

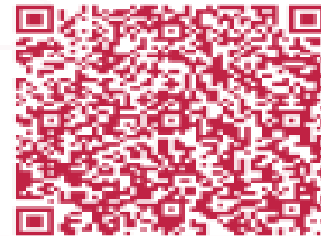

FOR RECENT GRADUATES

English Teaching Assistantship (ETA)

Teach English and become a cultural ambassador in Brazil. Program open for graduates from all areas

WHY A FULBRIGHT IN BRAZIL?

Fully funded Fulbright opportunities in Brazil, a vibrant cultural hub that boasts over 200 universities and 3,400+ master's and doctoral programs. Its top research centers in various fields attract global scholars and students, drawn by its welcoming atmosphere and rich diversity. With more than 50% of Latin American publications, Brazil ranks 14th globally for research impact.

EXPLORE FULBRIGHT OPPORTUNITIES IN BRAZIL

PROFESSORES E PESQUISADORES

Cátedras

Professores e pesquisadores brasileiros, de experiência comprovada, podem pesquisar, dar aulas e palestras nas melhores universidades e centros de pesquisa americanos.

Yale University
Georgetown University,
Chair Fulbright-Dra. Ruth Cardoso
Purdue University
Rice University
Emory University
Pittsburgh University
University of California, San Diego
University of California, Davis
M.D. Anderson Cancer Center

Fulbright Amazônia

Integre uma rede de pesquisa internacional de alto nível em mudanças climáticas; segurança humana; saúde ambiental; bioeconomia e desenvolvimento sustentável.

Professor e Pesquisador Visitante

Bolsas para todas as áreas na instituição de sua escolha.

ESTUDANTES

Ph.D.

Faça seu doutorado nas mais renomadas instituições americanas.

MFA in Screenwriting

Faça mestrado profissional em roteiro de cinema.

Doutorado sanduíche

Desenvolva sua pesquisa de campo nas melhores universidades americanas.

FLTA: Foreign Language Teaching Assistant

Professores recém-graduados em letras PT/ENG auxiliam no ensino de português.

PROFESSORES DE INGLÊS

PDPI: Programa de Desenvolvimento de Professores de Inglês

Curso intensivo em universidade americana para professores da rede pública.

DAI: Distinguished Awards in Teaching Program for International Teachers
